The State hereby agrees to be authorized agent for the County, and with the aid and consent of the County and the FHWA will proceed to advertise for, receive and open bids, and subject to the concurrence of the County and the FHWA, enter into a contract with a firm on behalf of the County to whom the award is made for the construction of the project; such project to be performed, completed, accepted and paid for in accordance with the instructions and requirements of the County and the Standard Specifications for Road and Bridge Construction of the Arizona Department of Transportation. funds available, including construction engineering and administration costs. Should costs exceed the maximum federal funds available, it is understood and agreed that the County will be responsible for any overage.

III. MISCELLANEOUS PROVISIONS

1. The State assumes no financial obligation or liability under this agreement. The County assumes full responsibility for the design, plans and specifications, reports, the engineering in connection therewith, and the construction of the improvements contemplated, cost over-runs and construction claims. It is understood and agreed that the State's participation is confined solely to securing federal aid; that any damages arising from carrying out, in any respect, the terms of this agreement or any modification thereof, shall be solely the liability of the County and that the County hereby agrees to save and hold harmless and indemnify from loss the State, any of its departments, agencies, officers or employees from any and all cost and/or damage incurred by any of the above and from any other damage to any person or property whatsoever, which is caused by any activity, condition, or event arising out of the performance or nonperformance of any provisions of this agreement by the State, any of its departments, agencies, officers and employees, the County, any of its agents, officers and employees, or any of its independent contractors. No liability shall accrue to ADOT in the event this provision is exercised, and ADOT shall not be obligated or liable for any future payments or for any damages as a result of termination under this paragraph.

5. This agreement shall remain in force and effect until completion of the work; provided, however, that any provisions in this agreement for maintenance shall be perpetual, unless assumed by another entity.
